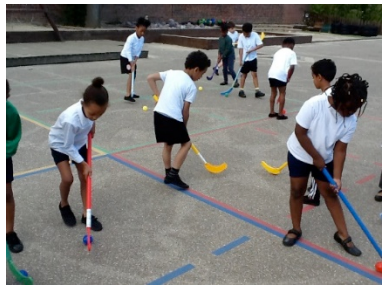
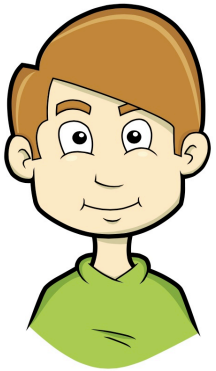
By the time I leave Carterhatch Infants I would like the opportunity to …





- write a story
- be able to read
- hunt for bugs
- hold a minibeast
- go swimming
- try horse riding
- visit the seaside
- build a raft
- go to see a show at the theatre
- sing and dance in a show on stage
- take a train or bus into Central London
- plant it, grow it, eat it
- ride a bike
- fly a kite
- build a den
- have a cookery lesson
- score a goal
- support a younger child
- discover what is in a pond
- visit a building of historical, cultural or spiritual significance
- meet people who inspire us, e.g policewomen/men, paramedics
- find my way with a map and compass.

This is what our children have asked for in their 'Time to Talk Sessions".

Our target is to achieve this for our children.
